PROTECT

Antizymotic destroys the germs of all contagious diseases.

YOURSELF

Antizymotic will destroy all odor and keep the air in your sleeping rooms cool and fresh.

AND

Antizymotic is without color or odor, and is harmless to clothing or flesh. It is invaluable in the sick room.

FAMILY

If persons will use Antizymotic in the water in which they bathe, they will find great relief. It softens the water, and does not dry the flesh like ammonia.

AGAINST

Does the air in your house smell musty or impure? Are you annoyed with the odor of cooking? Do you want to stop it? Antizymotic sprinkled about will freshen and purify it every time.

HIS REPLY.

General Manager Talmage to the
Knights of Labor.

By Telegraph to THE SENTINEL.

St. Louis, Sept. 4.—Messrs. Turner

and Powderly, representing the Knights

of Labor, made a demand on General

Manager Talmage to reinstate all Wabash

Knights looked out at the June

strike. He replied: "I proposed to

the chairman to-day that I would em-

ploy these men they desired me to em-

ploy as rapidly as business and earnings

would justify, taking them in the order

most satisfactory and reasonable to them.

Our present force is 578 less than it was

in June. This shows we could not have

given employment to all those who asked

for work."

The executive committee of the Labor

Knights rejected the proposition and de-

clined to have another conference with

Mr. Talmage to-day.

THE CONSULTATION TO-DAY.

St. Louis, Mo., Sept. 4.—3 p. m.—

Messrs. T. V. Powderly and Frederick

Turner, of the general executive

board of the Knights of Labor,

submitted to General Manager Talmage

their ultimatum in the matter of the Wabash

troubles as follows:

1.—That a general order be issued

along the Wabash lines, instructing

master mechanics and foremen that no

discrimination must be made in employ-

ing men on account of being members

of the Knights of Labor.

2.—That all employees who have in

any manner taken active part since the

16th of June in the settlement of the

trouble be given their positions, held

prior to that time, at once.

3.—That all other employees who were

looked out June 16 be reinstated on or

before October 1, 1885.

4.—That all who have come out since

then in support of those looked out on

that date, be also reinstated on or before

October 1, 1885.

General Manager Talmage stated that

with the Wabash in the hands of a re-

ceiver and the court always asking the

crats held a city convention yesterday and nominated, for mayor, Thomas Cptrell, of the Ninth ward; for city clerk, M. J. Schields, of the Eighteenth ward. Their platform is a good one and the candidates represent the liberal idea as against combination rule.

WASHINGTON, Sept. 4.—Representative Cabell, of the fifth Virginia district,

says that Gen. Fitz Hugh Lee will be the next governor of the old dominion.

He was asked:

"What is your opinion of the civil service law?"

"I think it is a civil service humbug,"

he replied. "It is nothing more nor less than a sham to the republicans in office and democrats out."

The examination of candidates for

appointment as cadets in the revenue

marine service has been concluded.

Fourteen candidates passed, but as

there are only seven vacancies to fill it

was decided to appoint the seven who

had the highest averages in examina-

tion. Among the successful candidates

is Stanley M. Landry, of Indiana.

VINCENNES, Ind., Sept. 4.—Three

township trustees of Davies county, In-

diana, have disappeared. It is said they

issued fraudulent orders on their re-

spective townships and on the credit of

the same easily raised money and ab-

sconded with it. They were Charles

Brown, of Washington township, John

J. Ramsley, of Steele township, and

John Clarke, of Barr township. They

are supposed to be in Canada. It is

variously estimated they got from \$50,-

000 to \$200,000.

cattle out of a drove of one hundred and

fifty during the last few days and some

fifteen more are sick. The disease is

pronounced pleuro-pneumonia.

Miners Ahead.

By Telegraph to THE SENTINEL.

TERRA HAUTE, Sept. 4.—The Ex-

press-Brazil special says the trouble

between the miners and operators is

about over. The miners demanded 5

cents advance over the contract made

in the spring, making the price of min-

ing 80 cents for three foot and ten-inch

veins, and 5 cents additional for every

six-inch decrease and thickness of the

coal. All the firms consented to the

advance, except three, where the strike

has been inaugurated. The miners are

working for 75 cents in but a single

instance.

Destructive Fires.

By Telegraph to THE SENTINEL.

BALTIMORE, Sept. 4.—The four-story

brick building, comprising 465, 467,

and 469 West Pratt street, was de-

stroyed by fire yesterday afternoon. It was occupied by four firms of wood-workers, and their stock and machinery is almost a total loss. F. G. Tenley & Bros., saw and planing millers, lose \$8,000 to \$10,000; insurance, \$4,000. B. J. Sparklin, manufacturer of cornices, loses \$2,000. Fully insured.

CINCINNATI, Sept. 4.—About dusk

last evening the entire fire department

of the city was called to the corner of

Sixth and Hoadly streets, where a fire

had gained much headway in front of

the Cincinnati, Hamilton and Dayton

depot. The building extended from

Fifth to Sixth street, a distance of 500

feet. The lower floor was occupied as

a freight depot by the railway com-

pany, while the upper story was used

by the Cincinnati Malt and Ware-

house Company. J. S. McGraw, one of

the proprietors, had an immense quan-

tity of grain stored in the building,

which was destroyed. The freight was

also destroyed. The loss is estimated

at over \$500,000, but this may be mod-

ified.

CINCINNATI, Sept. 4.—The loss on the

building is \$25,000; insurance, \$10,000.

The loss of the Malt and Ware-

house Company is \$120,000.

The Strike of Coal Miners

Grows.

By Telegraph to THE SENTINEL.

PITTSBURGH, Sept. 4.—The river coal

miners strike for an advance of half a

cent is spreading rapidly. Nearly 4,000

men now idle, claim by Monday night

every mine in the Monongahela valley will be closed down, and 7,000 miners will be out. There is dissension among the labor societies, but it looks as if the miners will win.

The local weather report for August indicates some remarkably hot and some remarkably cool weather during the month. The range of temperature was 48 degrees, the highest being 95.1 on the 9th, and the lowest 47.1 on the 28th. The mean temperature was 70 degrees, being 3.5 degrees less than the average for fourteen years past. The greatest daily range was 32 degrees. The lowest temperature during the month was a degree lower than that of any corresponding month for fourteen years past, the year 1876 with 48 degrees and 1884 with 50 degrees coming next. The month has also the distinction of showing a higher temperature than any corresponding months for fourteen years past except those of 1872 and 1881, when the mercury rose to 96 and 100 degrees respectively.

"George Givin, of Toronto, Ohio, was here Monday," says the Bluffton Chronicle, "and submitted a proposition to bore for natural gas. He says he has been successful in finding oil in one well out of three or six out of the eighteen wells he has contracted this season. His price will be \$2 per foot. He is working on a well in Union City at present and thinks the indications are good for either oil or gas. In boring for gas at Lima a vein of oil was struck and a company at that place are leasing all the territory around that place. A company will be formed here soon."

HUNTING A CURE FOR MALARIA

And What the Inquiries and Investigations Developed.

Cursed with that vague and indefinite something, called malaria, and living in Lancaster, Pa., the birthplace of Mishler's Herb Bitters, Mr. Walter Kieffer, of the Daily New Era, resolved to investigate its curative powers, of which he had heard so much. He writes as follows: "Calling on James H. Marshall, esq., at present and for twelve years past, postmaster of the city, I asked, 'What do you know about Mishler's Herb Bitters?' 'I know,' was the answer, 'that it is the most palatable bitter I have ever taken, and as a tonic it has no equal.'"

That was encouraging, and the next person I met was William A. Morton, Esq., of the Lancaster Intelligencer. I addressed the same inquiry to him, and quick as a flash came the answer, "I have used Mishler's Herb Bitters, off and on, for ten years, and have found it of great benefit. On one occasion, suffering from severe prostration, it was the only thing to give me relief."

Stepping into the office of Hon. D. P. Rosenmiller, mayor of Lancaster, I repeated my query. "It is the best tonic I have ever known, and I regard it as an infallible cure for malaria," smilingly answered his honor.

"Mr. Steinheiser, what do you know of Mishler's Herb Bitters?" I asked, addressing Mr. J. O. Steinheiser, now United States Mail Agent, and for eight years superintendent of the Lancaster county Hospital and Insane Asylum. "Never had a medicine in the Hospital that acted so charmingly, and for chronic diseases it never fails to give relief."

"Mr. Long," addressing a member of the firm of John F. Long's Sons' drug house, the oldest drug house in the state, if not in America, "What has been your experience with Mishler's Herb Bitters?" "We handle a great deal of it, and the demand is constantly on the increase. I regard it as being, medicinally, the best bitter in the market. People who buy it once invariably call for it again."

The next place visited was John R. Kauffman's drug store. "How's the Mishler's Herb Bitters market, Mr. Kauffman?" "It never was better. We sell a great deal of it in this city, but the bulk of our trade is from the rural districts—among old farmers who need a tonic, and among those living in malarial regions. One old gentleman from the country has been coming for eight years and as we know about how long a bottle will last him we know just when to expect him. It is a great bitter."

H. B. Cochran, another prominent druggist, was the next person approached. "What has been your experience with Mishler's Herb Bitters, Mr. Cochran?" "For steady sale it has no equal. It is chemically pure and medicinally strong. Lately the demand for the Red Label brand—that intended particularly for ladies—has greatly increased, and I know of nothing more popular or more effective for the weaknesses peculiar to the female sex."

Meeting Rev. J. G. Fritchie, an octogenarian minister of the Gospel, on the street, I engaged him in conversation, and remarking on his great age and seeming good health, he said, to my surprise, "I owe it all to Mishler's Herb Bitters; it is the best friend I have, sustaining me in all moments of physical weakness, and if any one desires my testimony you are at liberty to give them my name. Let them address me, and I'll tell them all about it."

But why multiply this home testimony? Address whom I might—preachers, lawyers, bankers, druggists, merchants—all who had any knowledge of the Bitters, and the testimony was overwhelmingly in its favor. Suffice to say that, although a skeptic on the subject of curing malaria, I became convinced that there was one preparation, and one only, that would cure it, and its name is Mishler's Herb Bitters.

Fort Wayne Paint and Color Works,
No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinders of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 35 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1886, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground up, either making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

THE CITY.

The Summit City lodge meets to-night.
Freight rates for lumber have been in-
creased.

A son of the late Dr. Josse is ill, but
not dangerously so.

A new floor is being laid on the plat-
form at the Pittsburg depot.

Mrs. David Hoyt and daughter have
returned from Albany, N. Y.

Col. R. S. Robertson was at the Grand
hotel, Indianapolis, yesterday.

Mrs. C. E. Kasselmann, of Detroit, is
the guest of Mrs. John Mohr, jr.

Samuel F. Swayne has sold lot 7,
Fairfield's out lot, to Margaret Rear, for
\$900.

Charles Ostman and A. A. Beverfor-
den went to New York City this after-
noon.

Hon. P. S. O'Rourke's family returned
to-day from Petoskey, where they spent
the summer.

H. H. Barcus is building an oyster
restaurant in the rear of his candy store,
on Calhoun street.

The Misses Tillie and Aggie Kastman,
of Aurora, Ind., are the guests of Mrs.
Charles F. Muhler.

Jonny Ryan, son of Weighmaster
Ryan, returned yesterday from Illinois,
where he visited his uncle.

Hon. Daniel McDonald, the able edi-
tor of the Plymouth Democrat, made
THE SENTINEL a pleasant call to-day.

Dr. Van Buskirk turned his horse out
to pasture in his yard last night. When
he awoke this morning the horse was
gone.

One of the young nimrods of the South
Shooting club says he made a splendid
shot a few days ago. He shot a rabbit
from the top of a large oak tree.

"Morris, Aldrich & Barrett have given
notice of the depositions in the Winsor
tax case, at Grand Rapids, September
1," says the Stenben Republican.

"Mr. B. B. Fowler, of Fort Wayne,
will deliver a temperance lecture at the
Presbyterian church next Saturday
evening at 8 o'clock," says the Kendal-
ville News.

Mr. J. H. Lones, the agent of the
Pittsburg, Fort Wayne and Chicago
road, at Warsaw, has purchased the re-
sidence property formerly owned by Mrs.
P. G. Frary, of that town.

Street Commissioner O'Brien sent
morning discharged twenty-seven men
from his force. He had in his service
forty-two men, and the pay roll ran up
to \$600 for two weeks before the last
court meeting.

Ira Edwards and Jeff Randall were
before the mayor for drunkenness this
morning and Wm. Wilkins was up
for carrying concealed weapons. All
went to jail, save Randall who is a bar
tender and has a roll.

The engineer who had charge of the
train that killed young Henderson, at
Syracuse, the details of which were
given in these columns at the time, has
been discharged. After returning to
Garret he left for parts unknown.

A sixteen year old daughter of Al
Gross, living near Pierceton, was fatally
bitten by a rattlesnake some days ago.
The reptile was in the manger and when
the young lady went out to get a package
placed there, she was bitten on the right
hand.

The Pennsylvania's main track, in a
straight line, would reach from Phila-
delphia across the Atlantic, through
Europe into Asia. The employees of the
line would, side by side, form a line as
long as the distance from Philadelphia
to Trenton.

Dr. George A. Ross has finally got a
vehicle of the genius cycle which exactly
suits him. It is an Expert Columbia
bicycle of the highest grade and was
purchased of C. W. Edgerton, the pio-
neer bicyclist of Indiana, who has for
six years held the agency here for these
famous machines.

Roanoke was again visited by robbers.
Wednesday night the store of Regadan
& Schreff was broken into and its entire
contents rifled. It is not known just
how much the loss amounts to, but
there were a great many articles taken,
such as colored shirts, underwear, several
boxes of silk handkerchiefs, several
boxes of cigars and a great many other
articles probably amounting to thirty or
forty dollars.

THE SENTINEL collectors will call on all
subscribers to-morrow.

Henry F. Ray and Elizabeth Boyle
have been licensed to wed.

John Baker, of the Fort Wayne ale
house, is the proud papa of a pretty girl
baby.

Andy Kiser, of the Pittsburg freight
office, will be married to a young lady on
Madison street.

Poundmaster Woelker ran in a big
drove of cows to-day. He was not
molested at last accounts.

THE SENTINEL collectors will call
on all subscribers to-morrow. We trust
those in arrears will respond promptly.

W. A. Baldwin, general manager of
the Pennsylvania company, passed
through the city to-day on train No. 4,
west.

The case against Hen. P. Koehlinger
has again been postponed. He insists
he is pursued by females he fired from
his house. Peter has 'em.

Mr. and Mrs. P. J. McDonald quite
pleasantly entertained a party of friends
last evening. The members of the popu-
lar Hindoo club predominated.

A post mortem examination was made
on the body of Mrs. Bowser, at Hoag-
land, yesterday. Dr. A. E. VanBuskirk
decides the woman died of cancer.

The indications for the lower lake re-
gion, as reported by the weather bureau
at Washington to THE SENTINEL are as
follows: Threatening weather and rain,
variable winds, nearly stationary tem-
perature.

Two valuable barns in Whitley county,
Lewis Snyder's, just north of Columbia
City, and Homer Bailey's, near Larwill,
were struck by lightning and burned.
The former's loss is \$4,000, and Bailey's
will not fall short of \$3,000.

"Auditor J. S. Baker went to Fort
Wayne to-day to consult with the offi-
cials of the Nickel Plate road in refer-
ence to a bad crossing, at or near Men-
tore, in the southwest part of the
county," says the Warsaw Times.

A freight agency has been established
at Wagoners, Ind., on the Detroit and
Indianapolis division of the Wabash rail-
way, with T. H. Jameson as agent.
Freight shipment for this point may be
received without requiring prepayment
in future.

Building permits have been granted to
A. S. Woodworth to repair his frame
house on lot 15, Lewis' addition, to cost
\$150; to Jacob Beaber to build a car-
penter shop on lot 10, Stophlet's addi-
tion, to cost \$75, and Harry Morell to
build a two-story frame house on lot 4,
Broadway, at a cost of \$950.

On account of the heavy rains which
set in this morning, the bicycle club
have postponed the road races, which
were to have taken place this afternoon
until Monday afternoon at 2 o'clock.
The club will meet on Monday at 1 p.
m. on Court street and ride in a body to
the course on the Leo road, where the
races are to take place.

A full dress military uniform, consist-
ing of a white, English broadcloth,
double-breasted frock coat, trimmed with
genuine gold bullion buttons, breast cord
chevrons and epaulettes; white broad-
cloth pants, with gold bullion braid
stripe, and white brush caps, elaborately
corded in gold braid and feather pom-
pon is being made for a Michigan com-
pany of forty-two men, by Sam, Pete & Max.
Fire companies at Ligonier and Hart-
ford City, Ind., were fitted up by Max
within a few weeks.

The Ligonier Banner refers to the
change in the postmaster's slip at Wolf
Lake and says: "This time 'Yankes'
Williams, at Wolf Lake, is the victim and
J. M. Richmond will take his place. In
1882 Williams suddenly soured upon
the democratic party and espoused re-
publicanism, which action was rewarded
in a few months by being placed in the
postoffice. He was very offensive last fall
and well earned his downfall. We con-
gratulate Mr. Richmond and the Wolf
Lake democracy and Congressman Lowry
for his excellent choice."

Residents of Erie street are all agog
over the actions of a certain male indi-
vidual, whose wife had been sent to the
insane asylum and returned as incurable
and is now an inmate of the county
house, and a female who was but recent-
ly granted a divorce. A grown daughter
of the woman was driven from home,
it would seem, because she did not
approve of the doings of her mother
and the aforementioned male. These
parties should take timely warning or
the cold arm of the law will swoop down
upon them, as the racket is becoming
obnoxious to the neighbors.

Mrs. Woodworth, the trance Evange-
list, denounces her husband's avicious
proclivities, and offered him \$100 if he
would fold his tents and quit the
business of selling melons and red
lemonade at her meetings. He saw a
bigger speculation ahead and wouldn't
accept. Mrs. Woodworth is in an em-
barrassing situation. She denounces her
husband's conduct, but strange to say,
has no influence over him. She threat-
ened to bring suit for divorce. She is
censured for his faults and would be
equally censured for separating from
him. She would be "cursed if she did
and cursed if she don't."

THE BIG FAIR.

Let Every Person Put Their
Shoulder to the Wheel
and Make it a
Success.

It is to the interest of every business
man in Fort Wayne that the coming fair
should be a grand success, not only for
the immediate returns, but to insure a
continuance of a factor, which has op-
erated so largely in the past to the advan-
tage of our business men and the property
owners of our enterprising city. There
can be no gainsaying that the bringing
together of large crowds improves busi-
ness and puts money into circulation. If
this is not the case, why does every
community, whether large or small,
scheme to this end? Chicago business
men have always wrought and done
everything in their power to get large
crowds to visit their expositions, know-
ing full well that when in their city they
would patronize their stores and business
places. Fort Wayne is so situated that
the people in our neighboring counties
can reach us by one or two hour's ride,
and at little expense, by reason of special
rates of railroad passage. A prominent
merchant remarked that one day during
the great Northern Indiana fair last
year, that he had sold more goods than
he had for the entire month previous.

The reunion was a great help to our
business men, though it cannot be com-
pared to the annual fair. During the
fair the people come to see and buy,
everything is put off until fair time.
It is at this time that the ladies mostly
buy their fall and winter supplies and the
men throw away the straw hat and linen
duster and don the heavier and warmer
apparel. This year there will be no
fairs held at Bluffton, Huntington, De-
catur, Peru and other neighboring towns
where there were fairs held last year.
This should have a tendency to help our
fair and bring a larger crowd than usual.
But we are getting of the track—this ar-
ticle was started for the purpose of show-
ing our merchants and business men that
Fort Wayne was vastly benefited by the
fair, and that they should do everything
in their power to not only try to get a
crowd of people to the city, but to make
it pleasant for them whilst they are here.
They should make a display of their
wares at the fair grounds and
do everything to make the fair
attractive and entertaining. The ladies
should help along the good work by
bringing out their fancy articles, pic-
tures, pen and needle work and speci-
mens of the culinary art. One lady last
year received almost \$60 in premiums
for the best display of pickles, jellies,
butter, etc. There is no charge made
for entrance on anything, except speed.
The fair association invites every person
to bring something and assist them in
making the fair a success. The farmers
have invariably done their part, but the
city folks have always been backward.
By considerable hard work the asso-
ciation was admitted into the Big Fair
circuit this year, and we can guarantee
our readers that the finest display of
stock to be seen anywhere this year will
be exhibited on the race track of the
Northern Indiana fair. Some of the
fastest trotting and running horses in
the United States will be here. There-
fore, let every man woman and child
who loves to see a fine race be on hand
when the flyers go.

The Fort Wayne Sir Knights go to Is-
land Park to-morrow and Saturday even-
ing a special train goes up to accommo-
date their friends. The Sir Knights will
be in their handsome uniforms and a gala
time is in store. The second regiment
is composed of the following divisions:
Michigan City No. 7, Michigan City;

Death of Mrs. E. J. Clark.
Died at 7:30 this morning, at the resi-
dence of Mr. Alfred K. Irey, No. 278
Broadway, of consumption. Mrs. E. J.
Clark, in her 31st year. A resident of
Monmouth, Ill., deceased was on a visit
to Mr. and Mrs. Irey, when that insidi-
ous disease overtook her with the above
results.

Mrs. Clark will perhaps be better re-
membered as Miss Ella M. Killan, when
she resided here and up to the date of
her marriage in 1879, when she united
herself to Mr. Clark, city clerk of Mon-
mouth, Ill., in which city she has con-
tinuously resided ever since. Her father
died in 1857; her mother in '65, leaving
the orphan girl to be cared for by Mr.
and Mrs. Irey, whose care, interest and
affection were ever shown in their pro-
tection. Uniting with the First Baptist
church of this city in 1872 under the late
Dr. J. R. Stone, she became an active

A BIG INDUSTRY.

Barbed Wire Stretched Along
the Fort Wayne Road—
Its Advantages.

The Pittsburg, Fort Wayne and Chi-
cago railroad company is repairing its
board fences along the route with barbed
wire fencing. It is thought that roads
generally will adopt this new fence, as it
is not only much more durable, but can
be put up faster and there is no danger
of being burnt by fire in dry seasons or
by sparks from the locomotive. This will
be a great saving of lumber, which will
be a much needed article not many years
hence. The manufacture of barbed and
other wire is one of the most active in-
dustries of the country at present, and is
growing into larger proportions. The
telephone service and barbed wire indus-
try are making great demands upon the
iron manufacturing business, and is
creating a demand for quite a large army
of workers.

The combination, proportion and pro-
cess in preparing Hood's Sarsaparilla,
are peculiar to this medicine, and are un-
known to others.

procured of Mrs. Henderson at any time
during the day.

PROTECT

Antizymotic destroys the germs of all con-
tagious diseases.

YOURSELF

Antizymotic will destroy all color and keep
the air in your sleeping rooms cool and fresh.

AND

Antizymotic is without color or odor, and is
harmless to clothing or food. It is invaluable
in the sick room.

FAMILY

If persons will use Antizymotic in the water
in which they bathe, they will find great re-
lief. It softens the water, and does not dry
the flesh like alumina.

AGAINST

Does the air in your house smell musty or
impure? Are you annoyed with the odor of
cooking? Do you want to stop it? Antizymotic
sprinkled about will freshen and purify it

Wabash Knights of Labor

Submit a Propo- sition.

Col. Talmage Declines to Accede to Their Demands.

Full Text of the Labor Points at Issue and the Official Answer.

Messrs. Powderly and Turner Un- derstand What to Do at 2 O'clock To-day.

General Manager Talmage to the Knights of Labor.

By Telegram to THE SENTINEL.
St. Louis, Sept. 4.—Messrs. Turner
and Powderly, representing the Knights
of Labor, made a demand on General
Manager Talmage to reinstate all Wa-
bash Knights locked out at the June
strike. He replied: "I proposed to
the chairman to-day that I would em-
ploy three men they desired me to em-
ploy as rapidly as business and earnings
would justify, taking them in the order
most satisfactory and reasonable to them.
Our present force is 578 less than it was
in June. This shows we could not have
given employment to all those who asked
for work."

The executive committee of the Labor
Knights rejected the proposition and de-
cided to have another conference with
Mr. Talmage to-day.

THE CONSULTATION TO-DAY.
St. Louis, Mo., Sept. 4.—3 p. m.—
Messrs. T. V. Powderly and Frederick
Turner, of the general executive
board of the Knights of Labor,
submitted to General Manager Talmage
their ultimatum in the matter of the Wa-
bash troubles as follows:

1.—That a general order be issued
along the Wabash lines, instructing
master mechanics and foremen that no
discrimination must be made in employ-
ing men on account of being members
of the Knights of Labor.

2.—That all employees who have in
any manner taken active part since the
16th of June in the settlement of the
trouble be given their positions, held
prior to that time, at once.

3.—That all other employees who were
locked out June 16 be reinstated on or
before October 1, 1885.

4.—That all who have come out since
then in support of those locked out on
that date, be also reinstated on or before
October 1, 1885.

General Manager Talmage stated that
with the Wabash in the hands of a re-
ceiver and the court always asking the
management to reduce expenses he
could not put men to work now as he
had neither work nor money. He could
say nothing now as to the reinstatement
October 1, as he did not know what the
demands for labor or the financial con-
dition of the road would be at that date.

Messrs. Powderly and Turner retired
and conferred with the Wabash district
committee several hours. At 2 p. m.
they were not ready to say what action
they would take.

MILL MEN STRIKE.

By Telegram to THE SENTINEL.
MCKINNON, Mich., Sept. 4. The
shingle mill men are out on a strike for
ten hours or increased pay. Almost five
hundred men are included in the strike.
Three hundred went out yesterday. The
new state law known as Barry's ten hour
law goes into effect September 18, and
this strike is in anticipation of this law.
There is every prospect of the shingle
mills remaining idle for some time.

Democratic Standard Borens.

INDIANAPOLIS, Sept. 4.—The demo-

crats held a city convention yesterday
and nominated, for mayor, Thomas Cot-
trell, of the Ninth ward; for city clerk,
M. J. Schiele, of the Eighteenth ward.
Their platform is a good one and the
candidates represent the liberal idea as
against combination rule.

NATIONAL CAPITOL.
By Telegram to THE SENTINEL.
WASHINGTON, Sept. 4.—Representa-
tive Cabell, of the fifth Virginia district,
says that Gen. Fitz Hugh Lee will be
the next governor of the old dominion.
He was asked:

"What is your opinion of the civil ser-
vice law?"

"I think it is a civil service humbug,"
he replied. "It is nothing more nor less
than a sham to the republicans in office
and democrats out."

The examination of candidates for
appointment as clerks in the revenue
marine service has been concluded.
Fourteen candidates passed, but as
there are only seven vacancies to fill
it was decided to appoint the seven who
had the highest averages in examination.
Among the successful candidates is
Stanley M. Landry, of Indiana.

The Acting Secretary of the Treasury
has rescinded the order recently
prepared by the Registrar in regard
to the transfer of United States bonds,
which required, as a condition prece-
dent to the issue to any trustee, executor,
administrator, guardian, etc., that the
beneficiary shall be named in the ap-
plication, and in the agreement of the
bonds.

The Second Comptroller of the Treasury
has allowed the claims of
Mrs. Catherine Lewis for rent and
damages to property near Annapolis,
Maryland, used and occupied by the
troops under Gen. Butler during the
civil war.

The Democratic State Central Com-
mittee of Ohio has sent an invitation
to Gen. Hancock, Registrar of the
Treasury, to speak in the State during
the pending campaign. The General
replied that at present the duties of his
office are such as to render it impossi-
ble to give a positive answer now, but
as soon as possible he will advise the
committee whether or not he can take
a part in the canvass.

THEY WERE FROZEN OUT.

By Telegram to THE SENTINEL.
CHICAGO, Sept. 4.—A statement is pub-
lished here that a bill will be filed in the
circuit court to-day by thirteen former
stockholders of the First National bank
of Chicago, who claim to have been
"frozen out" when the bank was reor-
ganized in the spring of 1882.

OHIO REPUBLICANS.

By Telegram to THE SENTINEL.
CINCINNATI, Sept. 4.—The Republi-
can County Convention has just com-
pleted the nomination for ten candi-
dates for Representatives to the Gen-
eral Assembly. The list stands: Oli-
ver Outcalt, Fred Baier, Theo. F. Nie-
man, H. Brockman, R. S. Wydan, Dr. J. F. Bailey, Dr. T. W. Graydon,
Robert Harlan, Walter Harpstone, and
John Eggers. The ticket was com-
pleted thus: Common Pleas Judge,
Charles E. Evans; County Prosecutor,
Dwight Huntington; County Commis-
sioner, H. H. Gosling; County Re-
corder, Frank Branner; County Clerk,
George Cox; Treasurer, William
Boettger, Jr.; Board of Control,
William Schrader.

STRIKING WORKMEN.

By Telegram to THE SENTINEL.
MCKINNON, Pa., Sept. 4.—The coal
miners' strike was inaugurated yester-
day, instead of Saturday, as intended.
One thousand five hundred men of the
second pool quit work. It is expected
by this evening that fully 4,000 miners
will be out.

NEW YORK, Sept. 4.—The striking
molders of the two large stove foundries
of Liebrandt & McDowell, and Thomas,
Roberts, Stevens & Co., have returned
to work, the firms agreeing to the
payment of the 10 per cent. advance
demanded. Five firms have now
granted the increase. The molders
feel greatly encouraged.

SHIPPING CHARCOAL IRON AHEAD.

By Telegram to THE SENTINEL.
EKS, RUSSIA, Mich., Sept. 4.—The
Elk Rapids Iron Company have re-
ceived an order for four hundred tons
of charcoal iron to be shipped to Eng-
land, probably the first iron of western
manufacture ever exported from the
United States.

STRIKE ENDED.

By Telegram to THE SENTINEL.
GALVESTON, Sept. 4.—The strike of
the Knights of Labor against the Gulf,
Colorado and Santa Fe railroad ended
with the mutual signing of the articles
of agreement regulating the rate of
wages, and guaranteeing immunity to
the employees.

THE SENTINEL collectors will call on
subscribers to-morrow. We trust those
in arrears will respond promptly.

By Telegram to THE SENTINEL.
VINCENNES, Ind., Sept. 4.—Three
township trustees of Davies county, In-
diana, have disappeared. It is said they
issued fraudulent orders on their re-
spective townships and on the credit of
the same easily raised money and dis-
appeared with it. They were Charles
Brown, of Washington township, John
J. Hamaley, of Steele township, and
John Clarke, of Barr township. They
are supposed to be in Canada. It is
variously estimated they got from \$50,
000 to \$200,000.

HOOSIERS ASSIGN.

By Telegram to THE SENTINEL.
GREENSBORO, Sept. 4.—John N. Gil-
lespie, a grocer, made an assignment to
Frank L. Gavin. Liabilities, \$22,000;
assets, \$26,000. Thompson & Tumbler,
dealers in hardware, assigned to John
G. Guthrie. Assets, \$11,000; liabilities
not known.

FATAL RESULTS.

Illinois Cattle Rapidly Dying Off.

By Telegram to THE SENTINEL.
VANDALIA, Ill., Sept. 4.—Mr. Deane,
a prominent farmer, living nine miles
north of here, has lost twenty head of
cattle out of a drove of one hundred and
fifty during the last few days and some
fifteen more are sick. The disease is
pronounced pleuro-pneumonia.

MINERS AHEAD.

By Telegram to THE SENTINEL.
TERRA HAUTE, Sept. 4.—The Ex-
press-Brazil special says the trouble
between the miners and operators is
about over. The miners demanded 5
cents advance over the contract made
in the spring, making the price of min-
ing 80 cents for three feet and ten inch
veins, and 5 cents additional for every
six-inch decrease and thickness of the
coal. All the firms consented to the
advance, except three, where the strike
has been inaugurated. The miners are
working for 75 cents in but a single
instance.

DESTRUCTIVE FIRES.

By Telegram to THE SENTINEL.
BALTIMORE, Sept. 4.—The four-story
brick building, comprising 165, 467,
and 469 West Pratt street, was de-
stroyed by fire yesterday afternoon. It
was occupied by four firms of wood-
workers, and their stock and machinery
is almost a total loss. F. G. Tenley
& Bros., saw and planing millers, loss
\$8,000 to \$10,000; insurance, \$1,000.
B. J. Sparklin, manufacturer of cor-
nices, loss \$2,000. Fully insured.

CINCINNATI, Sept. 4.—About dusk
last evening the entire fire department
of the city was called to the corner of
Sixth and Hoyle streets, where a fire
had gained much headway in front of
the Cincinnati, Hamilton and Dayton
depot. The building extended from
Fifth to Sixth street, a distance of 500
feet. The lower floor was occupied as a
freight depot by the railway com-
pany, while the upper story was used
by the Cincinnati Mailing and Ware-
house Company. J. S. Motrine, one of
the proprietors, had an immense quan-
tity of grain stored in the building,
which was destroyed. The freight was
also destroyed. The loss is estimated
at over \$400,000, but this may be mod-
ified.

CINCINNATI, Sept. 4.—The loss on the
building is \$25,000; insurance, \$10,000.
The loss of the Mailing Company is
\$150,000; insured for \$120,000.

SPREADING.

The Strike of Coal Miners
Grows.

By Telegram to THE SENTINEL.
PITTSBURGH, Sept. 4.—The river coal
miners strike for an advance of half a
cent is spreading rapidly. Nearly 4,000
men now idle, claim by Monday night

every mine in the Monongahela valley
will be closed down, and 7,000 miners
will be out. There is dissension among
the labor societies, but it looks as if the
miners will win.

CHINAMEN OUTRAGED.

By Telegram to THE SENTINEL.
CHENYEN, Sept. 4.—News from Rock
Springs indicate a worse state of affairs
than heretofore reported. All the
Chinamen, over 500 in number, have
been driven out of town. Fifteen dead
Chinamen so far have been found, and
as many more dead bodies are probably
in the river. Fifty houses belonging to
the railroad company, and fifty
owned by the Chinamen, were burned.
The Chinamen are yet in the hills west
of town, without food, and afraid to go
to Green River, a city distant about ten
miles. Governor Warren is now at
Rock Springs with General Superin-
tendent Dickinson and Superintendent
Wurtell, of the western division of the
Pacific railroad. No more disturbance
is anticipated. Food will be sent to
the starving Chinamen in the hills by
the authorities.

THE WABASH.

How General Manager Talmage's
Reply Was Received.

The reply of General Manager Tal-
mage to the demands of the Wabash
Knights of Labor created but little com-
ment here, inasmuch as it is identical
as THE SENTINEL stated it would be, two
days ago. The Wabash men here are
inclined to stick by the company, yet
the knights live in strong hope that they
will win. They insist that the Knights
of Labor locked out last June be rein-
stated. A list of those was prepared and
Mr. Talmage was asked to employ them
immediately. T. C. Mongovan, one of
the men who went out a few days ago,
resumed work this morning. The com-
pany like Master Mechanic Will Morris
and incline to stand by him in the event
of trouble. THE SENTINEL, however,
only aims to give the news and has no
criticism to offer on the Labor Knights
who stick by their lock-out comrades.

CLEVER WORK.

Sheriff Nelson Arrests Abe John-
son, the Forger, at Chicago.

When Sheriff Nelson returned from
pursuit of the horse thieves yesterday,
he at once went on the trail of Abe
Johnson, the fellow who sold a forged
note for \$32 to P. L. Potter. This after-
noon Deputy Sheriff Chasmeier received
a telegram from Sheriff Nelson, dated at
Chicago, saying: "I have arrested Abe
Johnson." The forger will arrive this
evening, and his chances for a ten years
stay at the prison north, are sure as day
light. This fellow has already done two
years for crooked work. Mr. Nelson
must be given much credit for this clever
piece of work.

Fred Bosch has a second-hand store, and
the agreement between Messrs. Fleming
and Mack was filed in the county record-
er's office yesterday.

MISS BELVA LOCKWOOD is not quite
so ridiculous as campaign caricatures
made her. She might be 40, or she
might be 50. Her features are of a
clear-cut Grecian, refined type; acqui-
line nose, straight forehead, overhang-
ing a pair of sharp, penetrating eyes,
a glance into which at once convinces
one that the lady is endowed with more
than ordinary brain power. Mantled
over her forehead is a roll of hand-
some, wavy gray hair that adds much
to the beauty of her face. There is
nothing in her outward appearance or
expression that would lead a casual ob-
server to guess that she belonged to
that much ridiculed class of women de-
nominated "strong-minded."

No Chinamen Where Chinamen
Used to Be.

By Telegram to THE SENTINEL.
ROCK SPRINGS, Wyo. Terr., Sept. 4.
Yesterday for the first time in many
years there was not a Chinaman in Rock
Springs, except the dead or wounded.
The five or six hundred who were at
work in the mines have been driven out
and nothing but heaps of smoking ruins
mark the spot where Chinatown stood.
The coroner's jury, after examining the
dead bodies, returned a verdict that
eleven Chinamen had been burned to
death and five were shot by parties un-
known to the jury. A number were
found seriously wounded. Large num-
bers of Chinamen have been picked up by
a train going west, and a quantity of
provisions have been sent out for them.
It is rumored that the Mormon miners
in camp are to be ordered out.

A CALL FOR TROOPS.

CHICAGO, Sept. 4.—A dispatch was re-
ceived from Governor Warren, at the
military headquarters, in this city, yester-
day, mentioning the attack upon
Chinamen, at Rock Springs, stat-
ing his inability to suppress the riot and
calling for troops. General Sheffield
forwarded the call to Washington for the
attention of the president, and directed
the soldiers at Fort Steele and Fort
Bridger to be in readiness to move the
moment the order came from Washing-
ton. No orders have yet come from the
president.

A new floor is being laid on the platform at the Pittsburg depot.
Mrs. David Hoyt and daughter have returned from Albany, N. Y.
Col. R. S. Robertson was at the Grand hotel, Indianapolis, yesterday.
Mrs. C. E. Kasseelman, of Detroit, is the guest of Mrs. John Mohr, jr.
Samuel F. Swayne has sold lot 7, Fairfield's out lot, to Margaret Bear, for \$500.
Charles Oetman and A. A. Beverforden went to New York City this afternoon.
Hon. P. S. O'Rourke's family returned to-day from Petoskey, where they spent the summer.
H. H. Barcus is building an oyster restaurant in the rear of his candy store, on Calhoun street.
The Misses Tillie and Aggie Kastman, of Aurora, Ind., are the guests of Mrs. Charles F. Nuhler.
Jonny Ryan, son of Weighmaster Ryan, returned yesterday from Illinois, where he visited his uncle.
Hon. Daniel McDonald, the able editor of the Plymouth Journal, made THE SENTINEL a pleasant call to-day.
Dr. Van Baskirk turned his horse out to pasture in his yard last night. When he awoke this morning the horse was gone.
One of the young nimbals of the South Shooting club says he made a splendid shot a few days ago. He shot a rabbit from the top of a large ash tree.
"Morris, Aldrich & Barrett have given notice of the deposition in the Winsor tax case, at Grand Rapids, September 1," says the Steuben Republican.
"Mr. B. B. Fowler, of Fort Wayne, will deliver a temperance lecture at the Presbyterian church next Saturday evening at 8 o'clock," says the Kendallville News.
Mr. J. H. Jones, the agent of the Pittsburg, Fort Wayne and Chicago road, at Warsaw, has purchased the residence property formerly owned by Mrs. P. G. Frary, of that town.
Street Commissioner O'Brien this morning discharged twenty-seven men from his force. He had in his service forty-two men, and the pay roll ran up to \$500 for two weeks before the last council meeting.
Ira Edwards and Jeff Randall were before the mayor for drunkenness this morning and Wm. Wilkins was up for carrying concealed weapons. All went to jail, save Randall who is a bartender and has a roll.

The engineer who had charge of the train that killed young Henderson, at Syracuse, the details of which were given in these columns at the time, has been discharged. After returning to Garrett he left for parts unknown.
A sixteen year old daughter of Al Gross, living near Napoleon, was fatally bitten by a rattlesnake some days ago. The reptile was in the manger and when the young lady went out to get a package placed there, she was bitten on the right hand.
The Pennsylvania's main track, in a straight line, would reach from Philadelphia across the Atlantic, through Europe into Asia. The employees of the line would, side by side, form a line as long as the distance from Philadelphia to Trenton.
Dr. George A. Rose has finally got a vehicle of the genius cycle which exactly suits him. It is an Expert Columbia bicycle of the highest grade and was purchased of C. W. Edgerton, the pioneer bicycle of Indiana, who has for six years held the agency here for these famous machines.
Koonoke was again visited by robbers. Wednesday night the store of Regazzani & Scheff was broken into and its entire contents rifled. It is not known just how much the loss amounts to, but there were a great many articles taken, such as colored shirts, underwear, several boxes of silk handkerchiefs, several boxes of cigars and a great many other articles probably amounting to thirty or forty dollars.

THE LIGONIER RUNNER refers to the change in the postmasterhip at Wolf Lake and says: "This time 'Yankee' Williams, at Wolf Lake, is the victim and J. M. Richmond will take his place. In 1882 Williams suddenly scored upon the democratic party and espoused republicanism, which action was rewarded in a few months by being placed in the postoffice. He was very offensive last fall and well earned his downfall. We congratulate Mr. Richmond and the Wolf Lake democracy and Congressman Lowry for his excellent choice."
Residents of Erie street are all agog over the actions of a certain male individual, whose wife had been sent to the insane asylum and returned as incurable and is now an inmate of the county house, and a female who was but recently granted a divorce. A grown daughter of the woman was driven from home, it would seem, because she did not approve of the doings of her mother and the aforementioned male. These parties should take timely warning of the cold arm of the law will swoop down upon them, as the racket is becoming obnoxious to the neighbors.
Mrs. Woodworth, the trance Evangelist, denounces her husband's avocations, and offered him \$100 if he would fold his tents and quit the business of selling melons and red lemons at her meetings. He saw a bigger speculation ahead and wouldn't accept. Mrs. Woodworth is in an embarrassing situation. She denounces her husband's conduct, but strange to say, has no influence over him. She threatened to bring suit for divorce. She is censured for his faults and would be equally censured for separating from him. She would be "cursed if she did and cursed if she don't."

THE BIG FAIR.
Let Every Person Put Their Shoulder to the Wheel and Make it a Success.
It is to the interest of every business man in Fort Wayne that the coming fair should be a grand success, not only for the immediate returns, but to insure a continuance of a factor, which has operated so largely in the past to the advantage of our business men and the property owners of our enterprising city. There can be no gainsaying that the bringing together of large crowds improves business and puts money into circulation. If this is not the case, why does every community, whether large or small, scheme to this end? (Chicago business men have always wrought and done everything in their power to get large crowds to visit their exhibitions, knowing full well that when in their city they would patronize their stores and business places. Fort Wayne is so situated that the people in our neighboring counties can reach us by one or two hour's ride, and at little expense, by reason of special rates of railroad passage. A prominent merchant remarked that one day during the great Northern Indiana fair last year, that he had sold more goods than he had for the entire month previous.
The reunion was a great help to our business men, though it cannot be compared to the annual fair. During the fair the people come to see and buy, everything is put off until fair time. It is at this time that the ladies mostly buy their fall and winter supplies and the men throw away the straw hat and linen duster and don the heavier and warmer apparel. This year there will be no fairs held at Bluffton, Huntington, Decatur, Peru and other neighboring towns where there were fairs held last year. This should have a tendency to help our fair and bring a larger crowd than usual. But we are getting of the track—this article was started for the purpose of showing our merchants and business men that Fort Wayne was vastly benefited by the fair, and that they should do everything in their power to not only try to get a crowd of people to the city, but to make it pleasant for them whilst they are here. They should make a display of their wares at the fair grounds and do everything to make the fair attractive and entertaining. The ladies should help along the good work by bringing out their fancy articles, pictures, pen and needle work and specimens of the culinary art. One lady last year received almost \$50 in premiums for the best display of pickles, jellies, butter, etc. There is no charge made for entrance on anything, except speed. The fair association invites every person to bring something and assist them in making the fair a success. The farmers have invariably done their part, but the city folks have always been backward. By considerable hard work the association was admitted into the Big Fair circuit this year, and we can guarantee our readers that the finest display of stock to be seen anywhere this year will be exhibited on the race track of the Northern Indiana fair. Some of the fastest trotting and running horses in the United States will be here. Therefore, let every man woman and child who loves to see a fine race be on hand when the flyers go.

The Sir Knights will be in their handsome uniforms and a gala time is in store. The second regiment is composed of the following divisions: Michigan City No. 7, Michigan City; Koscusko, No. 8, Warsaw; Calantha No. 11, Goshen; Summit City, No. 12, Fort Wayne; Elkhardt, No. 13, Elkhardt; Richmond, No. 15, Richmond; Invincible, No. 12, Union City; Huntington, No. 16, Huntington; Frankfort, No. 19, Frankfort, and Noble, No. 20, Kendallville.
Death of Mrs. E. J. Clark.
Died at 7:30 this morning, at the residence of Mr. Alfred K. Irey, No. 278 Broadway, of consumption, Mrs. E. J. Clark, in her 31st year. A resident of Monmouth, Ill., deceased was on a visit to Mr. and Mrs. Irey, when that insidious disease overtook her with the above results.
Mrs. Clark will perhaps be better remembered as Miss Ella M. Killan, when she resided here and up to the date of her marriage in 1879, when she united herself to Mr. Clark, city clerk of Monmouth, Ill., in which city she has continuously resided ever since. Her father died in 1877; her mother in '65, leaving the orphan girl to be cared for by Mr. and Mrs. Irey, whose care, interest and affection were ever shown in their protection. Uniting with the First Baptist church of this city in 1872 under the late Dr. J. K. Stone, she became an active

factor in the work to which she had consecrated her young life, and dying, left her blessed impress upon that work, bequeathing her faith and hope and love for her christian duties to her surviving husband, her only child, a bright girl of five years old, and to the friends who closed her eyes in death, and whose tears attest their sorrow.
Rev. S. A. Northrop, of the Baptist church, assisted by Rev. F. A. Hazeltine, of the Congregational church, will officiate briefly this evening, from Mr. Irey's residence, previous to the removal of the remains to her late home in Monmouth, Ill., by one of the evening trains.
ANOTHER SCANDAL.
Prof. A. B. C. Biewend Dismissed From the Kendallville Schools for Alleged Immorality.
Kendallville is again torn up over a scandal in school. This time Prof. A. B. C. Biewend, the German teacher in the public schools, is the individual upon whom the force of public opinion is being laid with no sparing hand. Prof. Biewend formerly lived in Fort Wayne. From the Standard it is learned that "peculiar" charges were preferred against him by several citizens, and the county superintendent asked to revoke his license. The trial was held at Albion Thursday and resulted in the revocation of the license "for immorality." Prof. Biewend had, however, asked the school board to release him from his contract before any judgment was rendered in the case. Professor Biewend was implicated in the Kibbe scandal, but afterward acquitted. It is now charged he purchased certain suspicious articles in drug stores; but the real cause of his dismissal is believed to be political hatred. He voted for Cleveland and the Kendallville republicans could not forgive him. Professor Biewend is a master of the German, French and Latin languages.

A BIG SUIT.
The Muncie Road Asked to Pay \$5,000 for the Death of John Yates.
The biggest suit in many months was filed in the county clerk's office to-day. The case was instituted by Louis Farnell, as administrator of the estate of John Yates and is against the Muncie railroad company for \$5,000. The complaint says that Yates was a brakeman on the road and in 1883 was killed while on duty, at Muncie. Jack Yates was a Fort Wayne man and his death deprived a wife and seven children of a husband and father.
The railroad company will vigorously fight the case and much interest centers in the result.
A Railroad's Magnate's Hide.
Hon. H. J. Jewett, president of the Chicago and Atlantic railway, was a passenger on the fast express Wednesday, from Pittsburg to Lima, on the Fort Wayne road, en-route to Cincinnati. In the afternoon a special train was waiting for him at Lima, but by mistake he got off at Ada, sixteen miles east of there. When it was discovered he was left behind a locomotive was taken off the local freight, he was placed on the engine, and taken to Lima in sixteen minutes. He seemed to enjoy the novelty of the affair.

THE SENTINEL collectors will call on all subscribers to-morrow. We trust those in arrears will respond promptly.
Be Gentle with the Children.
"Now quit your crying, sir, or I'll give you something to cry for." When such words are spoken to a weeping little boy, he don't know whether to stop crying or to go on. But he does know that the cross old aunty who says them is a hateful creature. What makes her hateful? Possibly dyspepsia; or maybe liver complaint. In either case give cross aunty a bottle of Brown's Iron Bitters and tone her up so that she may be healthy and happy.

A BIG INDUSTRY.
Barbed Wire Stretched Along the Fort Wayne Road—Its Advantages.
The Pittsburg, Fort Wayne and Chicago railroad company is repairing its board fences along the route with barbed wire fencing. It is thought that roads generally will adopt this new fence, as it is not only much more durable, but can be put up faster and there is no danger of being burnt by fire in dry seasons or by sparks from the locomotive. This will be a great saving of lumber, which will be a much needed article not many years hence. The manufacture of barbed and other wire is one of the most active industries of the country at present, and is growing into larger proportions. The telephone service and barbed wire industry are making great demands upon the iron manufacturing business, and is creating a demand for quite a large army of workers.
The combination, proportion and process in preparing Hood's Sarsaparilla, are peculiar to this medicine, and are unknown to others.
Dr. McGill, proprietor of the celebrated specific Orange Blossom for female disease, may be consulted at Mrs. Henderson's, corner Wayne and Clinton street, from 5 to 7 p. m. each day for one week. Specific Orange Blossom may be procured of Mrs. Henderson at any time during the day.
